BIG REWARD BRANDS AND TRUBOX

As you know, Trunited has special relationships with several brands that pay out big rewards to the loyal shoppers who consume them. These products are top sellers on Amazon and provide the largest amount of points per purchase on the Trunited platform. You will also receive a 10% point bonus when you set up a TruBox. A TruBox simply allows you to make sure you are getting the products you want on a monthly or every other month basis. Just set it and you will receive those products on the schedule that you set.

When you are ordering from the Big Reward Brands, we suggest you order them as a TruBox order to take advantage of the 10% point bonus. If you do not want that order every month, simply cancel or adjust your TruBox order, simple as that!

TRAVEL

Trunited Travel is done through our partnership with Priceline. Just log into your Trunited account and click on the TRAVEL link at the top of the page. This will take you to the Priceline website affiliated with Trunited. Simply do a search like any other travel site and then use the password trunited (all lowercase) to see the savings on your rooms. Select what room and location you would like to stay at and book it like normal. Your points will be awarded as soon as you complete your stay at the hotel you have booked.

GIFT CARDS

The Gift Card section is where you will go to purchase items from all of the large retail brands you always shop at. With stores like Amazon, Starbucks, WalMart, Home Depot as well as many restaurants, you will be able to earn points on just about every dime you spend every month.

Simply log into your account, hover over the shop tab at the top of the page and select the Gift Cards link in the drop down menu. Click on the gift card you would like to purchase and then select the amount of the card you want. Add it to your cart and then check out like any other site. You will then receive an email with the link to activate your gift card. Then use it like any other gift card for the items you want from that specific company. Super easy!

In order to purchase a gift card, you must have funds available in your TruWallet, which is TruUnited's internal system that holds your funds. These are funds earned through your shopping as well as funds that you add to your account in order to purchase items such as gift cards.

FUNDING YOUR TRUWALLET

Using the Zelle app to fund your TruWallet:

If you are already enrolled with Zelle® or your bank supports Zelle®:

Add Trunited to your list of payment recipients as:

- Include your unique Reference Number: 123456 **(this is an example, DO NOT USE THIS REFERENCE NUMBER!)**

Your unique reference number will be shown where the example of 123456 appears. This Reference Number reflects your personal Trunited account number, which can be confirmed in the Personal Information section in your Profile

Note: Please ensure this Reference Number is sent with your payment in the note/memo field. If this Reference Number is missing or incorrect, the payment will not be credited to your account.

If you are **NOT** registered with Zelle®, check with your bank or <https://www.zellepay.com/get-started> to check your bank's participation.

Fund TruWallet With Credit/Debit Card

To add funds to your TruWallet balance using a credit/debit card (Visa/MC/Discover/AMEX), hover over the Profile tab in your back office. Then select the Fund TruWallet With Credit/Debit Card. Then fill out the form on that page to immediately fund your account.

Please note there is a 3.99% service fee when using a credit/debit card.

SUMMARY

Shopping with Trunited is simple and easy. Just make sure you are using the platform as much as possible! Things are being added all of the time, so keep checking the site to see what new things have been added.

Just a reminder, to purchase items from the Big Reward Brands and the Brand Bucks section, you may use your available funds in your TruWallet OR you may use your credit/debit card. Using your credit/debit card for those purchases DOES NOT INCUR A SERVICE FEE OF 3.99%. The ONLY time you will incur that fee is to fund your TruWallet with a credit/debit card. To avoid that fee, we recommend you use the Zelle app exclusively!
