This Training Shows You How to Use Social Media Marketing Tactics to

GROW RESIDUAL INCOME

By Filling Your envyTV Sales Pipeline

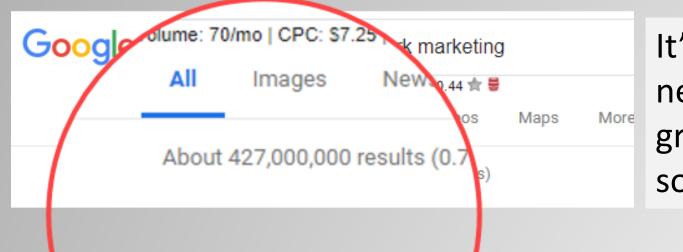

Let's Look at Social Media Marketing Tactics

Now, let's take a close look at social media marketing tactics that you can start using right away to build your envyTV business.

Search: Social Media for Network Marketing

It's no wonder that network marketers, as a group, are confused about social media marketing.

There are over 420,000,000 (MILLION) websites

that provide information about SOCIAL MEDIA MARKETING for the network marketing industry.

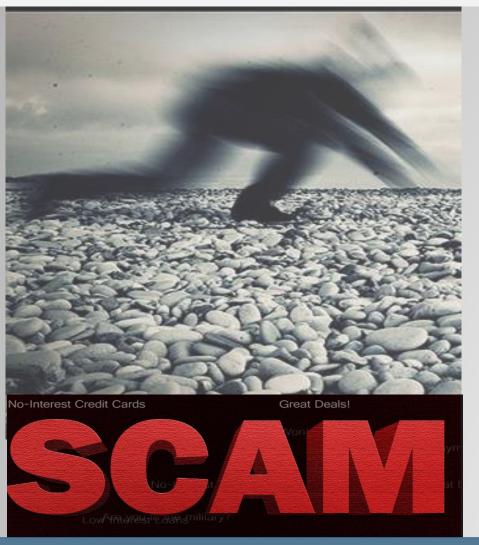

Social Media Marketing is Personal

To keep it simple, the main point to understand is that social media marketing is all about personal, relevant, 1to-1 communications that is particularly interesting to the people viewing your posts.

Social Media Communication is NOT Selling

When communicating on your newsfeed, in groups, or in private messaging do not try to sell envyTV on your first message – your listeners will likely see your attempt at selling as a SCAM and run away from you quickly.

People are on Social Media to Connect and Be Social

The reason they run from sales messages is NO ONE is on social media to be sold. They are on social media to be SOCIAL. That's why personal, relevant, and 1-to-1 communication is the key to successful social media marketing.

Ideas on How to Connect and Build an Engaged Tribe

Let's look at some ideas you can use to connect and share on social media in a personal, entertaining, and interesting way.

envyTV is a Lifestyle Business, SO Share Your Life!

Social media is a GREAT place to talk about your life, adventures and experiences. When you're using Social Media give people something *personal* to look at.

Personal communication on Social Media builds the "Know, Like, and Trust Factor.

Post Pictures to Tell Stories About Your Life

Post family pictures, post lifestyle pictures, post pictures and videos about your travels, weekend adventures, and things you're doing.

Talk about your adventures and experiences.

Share Pictures About Your envyTV Experiences

Even posting pictures of you, the kids, or your family watching envyTV can be strong imagery for social media.

Real Life Stories Build Trust and Trust Builds Tribes (followers)

The more you post about real-life events and stories, the more your social media "tribe" gets to know you, which leads them to like and trust you at the same time.

An engaged tribe, meaning social media followers, is how your social media message spreads.

In the Beginning, Don't Mention the Company Name

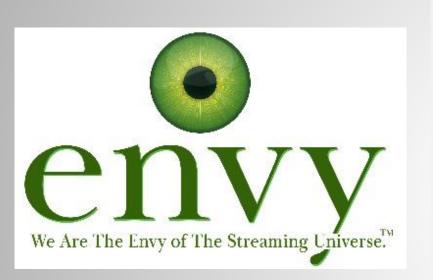

It's important not to mention the envyTV company name on your newsfeed or in group posts.

The reason is, when you do, you eliminate curiosity in the beginning.

You Lose the Chance for a Memorable 1st Impression

People will search the company name and form an opinion (which is generally incorrect).

And you lose the chance to create a memorable first impression by sharing your true and factual envyTV stories, based on <u>YOUR</u> real-world experience of using envyTV for your personal television enjoyment.

You Can Post Images with Quotes on Them About TV

to entertain, amuse, and engage people on your newsfeed.

Connect With People Who Comment or Like Your Quote

Ask people who like and comment on your photo-quote post to reach out to you with a *Private Message* if they want to learn more about how THEY can get 1,500+ streaming TV channels for \$59.97 a month

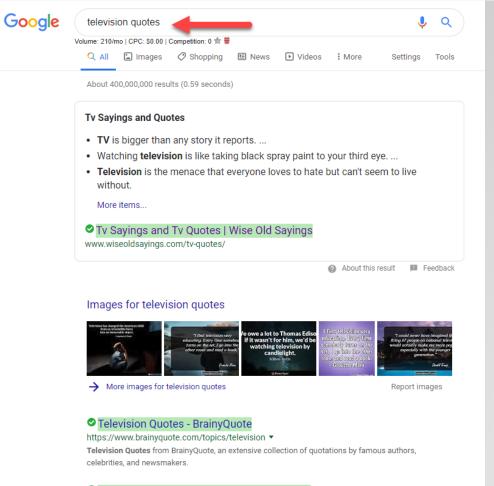

To Invite Someone to Send You a Private Message Say ...

"If you're interested in how to get 1,500+ streaming TV channels for \$59.97 a month, send me a private message. I'd be happy to let you know how I'm doing that."

Private Messages are Another Way to Reach People

Use Private Messages to reach your friends or people that you already know (and who know you). Contacts in the network marketing industry can be very receptive.

ONLY send messages to people you already know.

You can private message a friend or a network marketing business contact with a message like:

"Do you want to stop paying too much money for your cable or satellite TV service? If you could get 1,500 streaming channels for only \$59.97 a month and even have a chance to EARN extra income by helping other people save money too, would you want to know more about how that works?" [Response is almost always YES!].

When You Get a YES Reply, Send Your Lead Capture Page Link

When the recipient of your message replies YES, send YOUR paylessforcabletv.com/USERID landing page link if you're a GPN member.

Or send your envyTV *replicated website* page link or a link to an envyDecide interactive video if you're <u>not</u> a GPN member.

Send your link and reply with, "Check out LINK URL, and let me know if you'd like to stop paying too much money for your cable or satellite TV service.

Here's a Private Message Example for Facebook

Remember, you only want to private message people you know and who know you.

Hey NAME, Do you want to stop paying too much money for your cable or satellite TV service? If you could get 1,500 streaming channels for only \$59.97 a month and even have a chance to EARN extra income by helping other people save money too, would you want to know more about how that works?

WAIT FOR A YES REPLY.

Here's a Private Message Example for Facebook

When your contact replies **YES**!

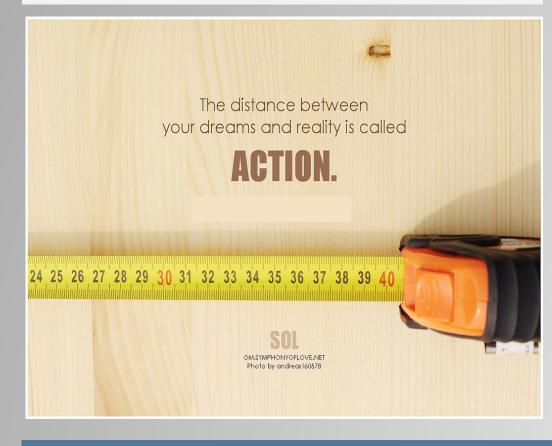

Check out paylessforcabletv.com/USERID (or your envyTV replicated website page link if you're <u>not</u> a GPN Member) and let me know if you'd like to stop paying too much money for your cable or satellite TV service.

Now it's Time to Take ACTION on What You Learned

Here are your social media marketing ACTION steps to start taking today

Plan to post on social media at least 3 to 5 times a week to "be seen".

If you post less frequently than that, it will be hard to get traction with Social Media Marketing.

Break up your posts between

- Sharing moments and events in your life.
- Telling stories about how you're using envyTV for your personal enjoyment.
- And creating and sharing entertaining quotes you find about television.

<u>Remember to ONLY send private messages when either:</u>

- 1. Someone gives you permission on your newsfeed to message them.
- 2. You're sending a private message to a contact you already know (and who knows you).
