

GPN Minimal Effort AI Growth System™

A simple, repeatable system to build a steady pipeline without pressure, pitching, or burnout.

Core Strategy: The Power Hour Lite

Run this routine three times per week (about 20 minutes per session):

- Send 2 invites by text or Messenger
- Reply to any responses
- Post 1 short update using the AI prompts below

Phase 1: Foundational Setup (Passive Lead Magnet)

Before active outreach, optimize your profile so it attracts interest automatically.

Prompt 1 – Personal Brand Story

ROLE: GPN member who wants to inspire others through my personal story

TONE: Warm, authentic, hopeful

INSTRUCTION: Write my personal brand story explaining:

- 1) Why I want to build income from home: [INSERT YOUR REASON HERE – e.g., more time with family, flexibility, reducing stress, supplementing retirement, location freedom]
- 2) What kind of freedom or lifestyle I'm working toward
- 3) How GPN's Residual Income Success Plan supports me with a professional sales team, funding options, and community support

End with a short statement of purpose such as: "I'm here to help others explore a simpler, more supported way forward."

FORMAT: 3 short paragraphs suitable for a social bio or About section

Phase 2: Daily Outreach (Active Pipeline)

Prompt 2 – Reconnect & Share (2-Minute Invite)

ROLE: Friendly connector, not a salesperson

TONE: Warm and casual

INSTRUCTION: Write a message to an old contact. Catch up briefly, mention a simple system that helps people earn income from home with sales handled by a professional team and a funding program can cover expenses. Ask if they'd like to see a short video.

Prompt 3 – Group Engagement Strategy (Social Shortcut)

Create value-adding comments for home business groups that spark curiosity without pitching or naming GPN directly.

You are a social media engagement expert. I'm a member of GPN, where a professional sales team handles presentations and enrollments for me, and I can qualify for a funding program that covers my business-building expenses at no cost to me.

Create 3 sample comments I can use under other people's posts in home business or network marketing groups that:

- Sound natural and peer-to-peer
- Add genuine value
- Hint at a unique system without naming it
- Are 1–3 short sentences

Prompt 4 – Weekly Posting Routine

ROLE: GPN member sharing a real weekly reflection

TONE: Calm, grounded, appreciative (not salesy, not hype)

INSTRUCTION: Write a short social media post about building income from home in a sustainable way.

Mention that:

- I'm not doing this alone
- A professional team handles the sales side
- There is a funding option that can cover ongoing business-building expenses at no cost to qualified members.

Avoid:

- Income claims
- Calls to action
- Recruiting language

End with a simple, reflective closing line (gratitude or appreciation).

FORMAT:

4–6 short lines

Plain language

Easy to read on Facebook or LinkedIn

Phase 3: Nurturing & Handling Objections

Prompt 5 – Gentle Nudge Follow-Up

Use 24–48 hours after sharing the video. Keep it light and respectful.

ROLE: Helpful consultant, not pushy.

TONE: Respectful and light.

INSTRUCTION: Write a short follow-up message checking in to see if they had a chance to watch the 2-minute video. Remind them it's a no-cost, no-pressure way to explore GPN's plan for earning from home.

Prompt 6 – Handling the “What Does It Cost?” Question

Explain how the optional funding program can cover business-building expenses at no out-of-pocket cost for qualified members, then invite them to a no-cost consultation.

ROLE: Helpful peer in a home business community.

TONE: Confident but friendly.

INSTRUCTION: Write a short email reply explaining how GPN's funding program can cover business-building expenses at no cost for qualified members. Invite them to a no-cost consultation.

Quick Daily Checklist, Power Hour Lite

- Send 2 invites using Prompt 2
- Comment and connect in groups using Prompt 3
- Create a weekly post using Prompt 4
- Follow up with interested prospects using Prompt 5
- If questions come up about what it costs, use Prompt 6
- Keep your email signature updated with your GPN link

Expert Reminder

Your only role is to be the connector. AI handles the words. The GPN professional sales team handles the selling.
